Dear Friends,

APRIL 2026 Newsletter

Malawi is full of deep green fields as the crops mature. The rains in the Malingunde area have been consistent this growing season, so the harvest looks very promising.

Introducing Dalitso Growth

For many years we have focussed on three main areas of 'Play', 'Leaders' and 'Health', aiming to produce high quality work which leaves a strong legacy of change in the Malingunde area. We are thrilled to add a fourth area of expertise still seeking to promote health and positive change.

Chippo *'Our biggest desire is to have churches with Kingdom values in every village around Malingunde. That we would help them to serve their community with good news in an holistic approach, which blesses everyone. Where there are no churches, we will plant new ones.'*

Stories of Transformation

Chisomo *'I have been part of Follow Me 1 and 2. To be trained to lead Follow Me is very different and I have realised that I have a talent to be a teacher. Since this discovery I have been teaching adult Sunday school at our church and Follow Me is part of my teaching material.'*

Nacho *'I was quick to get angry and Discovery Bible Study has helped me to become slow to anger. When I was asked to lead, I was challenged to live as an example in every area of my life. People can now observe how my words match with my everyday behaviour. I thank God that my anger is under control and how carefully I now use my words.'*

Key training areas in Dalitso Growth will be evangelism training ('Kingdom Expansion'), literacy projects, Discovery Bible Studies and leadership mentoring.

Mada *'I had a lot in my life to share with people, but I had no idea how to do it. After helping with Kingdom Expansion, it opened my eyes to share love and care to those in need. I don't need an organised event from church, I just share when I need to share.'*

Sulitha *'I was having reoccurring nightmares, dreaming of people who have died and witchdoctors chasing me wanting to throw me into a deep pit. I shared to my group and they prayed for me. The dreams stopped after that prayer and I am grateful to be part of the Discovery Bible Study.'*

Nagama *'I have been leading the church for five years, but it was not growing and I was frustrated. We had a privilege of Dalitso coming to train us in Kingdom Expansion. So we went out to people's homes to share and pray. Now the church has doubled and we are happy to have this tool called Kingdom Expansion.'*

Dalako *'A church leader makes decisions every day and I see that I have made many mistakes. When I faced a situation I approached it with reasoning, but did not pray to help me make my decision. Now I pray and ask the Holy Spirit to lead me. I can see that I am making better decisions due to Follow Me.'*

We want to thank Dave Knott for serving as a Trustee and welcome Alison who replaces him.

On behalf of the entire Dalitso Trust team, thank you so much for sharing this journey with us. Your support and involvement mean the world to us.

Warm regards
